ACADEMIC DETAILS			
Year	Degree/Exam	Institute	CGPA/Marks(%)
Aug, 2021 - Present	B.TECH in Computer Science	Graphic Era Hill University Dehradun	8.5
2019	C.B.S.E	Kids Paradise Public School	80 %
2021	C.B.S.E	Kids Paradise Public School	82.6 %

PROJECTS

- License Plate Detection (Jan, 2023): Implemented a license plate detection system using Python, OpenCV, and deep learning techniques to automatically identify and extract license plate information from images.
 Github
- Stock Price Prediction using LSTM (july, 2023): Developed a stock price prediction model featuring: Comprehensive data collection of historical stock trends. Strategic data division for effective training and evaluation. Application of LSTM architecture via Keras for capturing temporal patterns.
 Github
- **sorting algorithm visualizer** (september, 2023): A sorting algorithm visualizer is an interactive tool that visually demonstrates how sorting algorithms work. By displaying the sorting process step-by-step, these visualizers help users understand the underlying mechanics of different sorting methods. **Q** Github
- Password strength checker (January , 2024): This project involves building a web application that evaluates
 the strength of passwords based on various criteria and provides feedback to the user.
 Github
- News scrapper (March, 2024): scraping project typically involves extracting data from one or more websites using a script or a program. Scrap the news from different news website and display it in a single page, we can download it from their in different forms.

 Github

TECHNICAL SKILLS

- Languages: Python , C , C++ , HTML, SQL,CSS,Java ,JavaScript.
- Framework: React.js , Node.js, Angular.
- Machine Learning Tools library: Tensorflow , Keras, Jupyter, Skit-learn, LSTM, Opencv.

VOLUNTEER EXPERIENCE

• NSS - National Service Scheme.

Member | 2021-2023

- Conducted awareness campaigns on dengue.
- Collaborated with local organizations to raise funds and for clothes donation drives.
- co-dev coding and devlopment club.

Member | 2021-2023

- Conducted 24hr hackerthon. .

CERTIFICATION

- Cisco Certified Cybersecurity.
- Certified Complete Web Development Bootcamp.
- AWS Certified Cloud Practitioner.

.
